

The real size of the CPFC Indoor Pitch Building

The screen shot below is taken from the Steve Parish video on CPFC TV after the Bromley Development Control Committee decision to approve the planning application at the meeting on 18 March 2020.

See <https://eagles.cpfc.co.uk/videos/interviews/steve-parish-reacts-to-academy-approval/>

The screenshot shows a web browser displaying the Crystal Palace F.C. website. The browser's address bar shows the URL eagles.cpfc.co.uk/videos/interviews/steve-parish-reacts-to-academy-approval/. The website's header features the Crystal Palace F.C. logo, the text "CRYSTAL PALACE F.C. Palace TV", and logos for ManBetX and the Premier League. A navigation bar includes links for Home, Videos, News, Palace Audio, Palace Podcast, Supporters Clubs, and Downloads. The main content area displays a large video player showing a rendering of the new indoor pitch building, with the text "PALACE TV" in the top right corner of the video. Below the video player, the text "Steve Parish reacts to Academy Approval" is visible. To the right of the video player, there is a "Latest Videos" section with three video thumbnails and their titles: "Wilfried Zaha | 10 years as a Palace Icon" (6:16), "Wilfried Zaha | Every Goal for Palace" (4:42), and "Gary Cahill and Brandon Pierrick | Junior Members Press Conference" (15:01). The Windows taskbar at the bottom shows the search bar and various application icons, with the system clock indicating 09:54 on 30/03/2020.

The picture below is from the Design and Access Statement, part 5, put on the Bromley website on 15 November 2019 as part of the planning application paperwork.
